

Science Says

Play like "Simon Says"

teachersworkstation.com

- Rotate (Spin in Place)
- Revolve (Walk in a small circle)
- Reflect (Bounce)
- Refract (Bend)
- Tilt like the Earth's Axis (lean over a little)
- gravity pulls (squat the ground)
- friction (rub feet on the ground)
- Open Circuit (arms in a circle not connected and eyes shut)
- Closed Circuit (arms in a circle connected and eyes open)
- Germinate (pretend to grow)
- Weathering (break hands apart)
- Erosion (make hands move away)
- Deposition (set hands like setting something down)
- Hydroelectricity (hands flow like water)
- Geothermal (one hand makes a motion towards the ground and other hand fans face)
- Solar (one hand makes a motion towards the sky and other hand fans face)
- Evaporation (raise hands toward sky)
- Condensation (point fingers in air like water droplets)
- Precipitation (make fingers act like rain)
- Cycle (draw a circle in the air)
- Complete metamorphosis (hold up 4 fingers)
- Incomplete metamorphosis (hold up 3 fingers)
